ATHLETIC TESTS

MAXOUT Professional Athletic Trainers conduct structured tests to evaluate player speed and acceleration, vertical jumping ability, and lateral movement.

PICK AND ROLL PROFICIENCY

The pick and roll is a set that is very common to professional basketball. Controlled skills sessions are conducted to teach and evaluate a number of variations of the pick and roll.

TOURNAMENT

The combine tournament showcases individual play within the confines of team structure. We conduct a competitive tournament, with 2 games guaranteed, so all players have a chance to showcase their ability to lead their team to win the national combine championship.

PERSONAL EVALUATION

Select players conduct 1-on-1 evaluations by professional coaches providing a deeper look at player individual skill and basketball intellect. In addition, players are critiqued on character, work ethic, and ability to contribute positively to a winning team.
